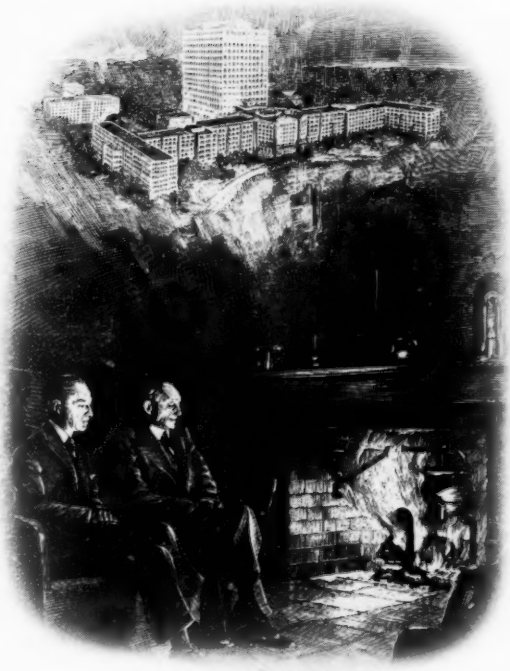
HENRY FORD HOSPITAL MEDICAL JOURNAL



WINTER, 1967

Published quarterly by the Professional Staff of the

Henry Ford Hospital

and the

Edsel B. Ford Institute for Medical Research

Vol. 15, 1967

Subject Index

ABSTRACTS. Titles and selected abstracts of recent publications by the staff of Henry Ford Hospital and the Edsel B. Ford Institute for Medical Research **75, 181, 265, 367**

ANTICOAGULATION. Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis. R. W. Monto et al **93**

APPOINTMENTS. Recent appointments are listed **175**

ART. Art in psychotherapy. R. R. Schopbach **229**

ASPERGILLOSIS, LUNG. A radiologic quiz. W. R. Eyler **262**

ATAXIA TELANGIECTASIA. Ataxia telangiectasia: case reports and attempt at treatment. G. M. Shetisky and J. M. Shuster **27**

BILE ACID. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

BONE. Tetracycline-based measurement of bone dynamics in rib of a girl dying of Gaucher's disease. J. E. Pasko and H. M. Frost **3**

Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib. S. Jett et al **325**

Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs. F. Santoro and H. M. Frost **241**

BREAST. A radiologic quiz. A. Poznanski **360**

BREAST RADIOGRAPHY. A radiologic quiz. A. Poznanski **360**

BRONCHIAL BRUSH TECHNIQUE. A radiologic quiz. W. R. Eyler **262**

CALCIFICATIONS, BREAST. A radiologic quiz. A. Poznanski **360**

CARDIAC PACEMAKING. Pulse and impulse in the sinus Node. T. N. James **273**

CHANGING TIMES. Changing times for professional nurses. H. E. Harper **215**

CHENODESOXY-CHOLIC ACID. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

CHOLESTEROL. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

CHOLESTRAMINE. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

CNS HODGKIN'S DISEASE. Intrathecal cytosine arabinoside in Hodgkin's disease with central nervous system manifestations. A preliminary report. E. J. Van Slyck **301**

COLON. Carcinoma of the right colon. J. L. Ponka and K. Welborn **49**

COMPUTER. A method of hospital infection surveillance incorporating the use of a computer. B. W. Steinhauer et al **139**

COMPUTER APPLICATIONS. A wave pattern analysis of EEG signal based upon a successive digital smoothing process. R. M. Lee **33**

CORN OIL. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

CYTOSINE ARABINOSIDE. Intrathecal cytosine arabinoside in Hodgkin's disease with central nervous system manifestations. A preliminary report. E. J. Van Slyck and R. W. Talley **301**

DEHYDROGENASES. Kinetic regulation of enzymes. J. D. Shore **219**

DERMO-FAT GRAFT. A radiologic quiz. A. Poznanski **360**

DIABETES. Interactions of pregnancy and diabetes. F. W. Whitehouse **15**

EDITOR. The Henry Ford Hospital Medical Journal honors Dr. Philip J. Howard, consulting editor **83**

EEG ANALYSIS. A wave pattern analysis of EEG signal based upon a successive digital smoothing process. R. M. Lee **33**

ENDOCRINOLOGY. Endocrinological psychiatry and psychology. M. Bleuler **309**

ENTRAINMENT OF SINUS NODE. Pulse and impulse in the sinus node. T. N. James **273**

ENZYMES. Kinetic regulation of enzymes. J. D. Shore **219**

ESOPHAGUS. Spontaneous rupture of the esophagus. E. Arciniegas **191**

FAT NECROSIS. A radiologic quiz. A. Poznanski **360**

FECES. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

FUNGUS BALL. A radiologic quiz. W. R. Eyler **262**

Subject Index

GAUCHER'S DISEASE.
Tetracyline-based measurement of bone dynamics in rib of a girl dying of Gaucher's disease. J. E. Pasko and H. M. Frost **3**

GOITER, MULTINODULAR. Treatment of hyperthyroidism from the autonomous multinodular goiter. J. M. Miller et al **85**

HEART BEAT. Pulse and impulse in the sinus node. T. N. James **273**

HEMORRHAGE. Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis. R. W. Monto et al **93**

HERNIA, FEMORAL. Incarcerated femoral hernia. J. L. Ponka **203**

HOSPITAL GOAL. An admissions scheduling program. R. G. Dunn and J. T. Howell **319**

HOSPITAL STAFF. Recent appointments are listed **175**

HYPERTHYROIDISM. Treatment of hyperthyroidism from the autonomous multinodular goiter. J. M. Miller et al **85**

HYPOPHYSECTOMIZED RATS. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

IMMUNOGLOBULINS. Immunoglobulin levels in serum of normal infants and pre-school children as determined by immuno-chemical analysis. G. A. LoGrippo et al **247**

INFECTION. A method of hospital infection surveillance incorporating the use of a computer. B. W. Steinhauer et al **139**

Infection in the newborn infant and its association with prolonged rupture of the amniotic membranes. P. J. Howard and A. R. Bauer **161**

INTRATHECAL THERAPY. Intrathecal cytosine arabinoside in Hodkgin's disease with central nervous system manifestations. A preliminary report. E. J. Van Slyck and R. W. Talley **301**

JOURNAL. The Henry Ford Hospital Medical Journal honors Dr. Philip J. Howard, consulting editor **83**

LSD - COMMENT. Lysergic acid diethylamide - LSD - an outsider's viewpoint. E. J. Alexander **23**

MAMMOGRAPHY. A radiologic quiz. A. Poznanski **360**

MEDICAL JOURNAL. The Henry Ford Hospital Medical Journal honors Dr. Philip J. Howard, consulting editor **83**

MENINGOCOCCAL MENINGITIS. Current problems in meningococcal diseases. E. L. Quinn **179**

MENTAL ILLNESS. Art in psychotherapy. R. R. Schopbach **229**

Endocrinological psychiatry and psychology. M. Bleuler **309**

MK - 135. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

NEWBORN. Infection in the newborn infant and its association with prolonged rupture of the amniotic membranes. P. J. Howard and A. R. Bauer **161**

NORMAL RATS. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

NURSING. Changing times for professional nurses. H. E. Harper **215**

OSTEOID SEAMS. Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs. F. Santoro and H. M. Frost **241**

OSTEOPOROSIS. Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib. S. Jett et al **325**

PAROTID. An unusual case of parotid enlargement. R. Jastak **259**

POISONING. Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis. R. W. Monto et al **93**

PREDICTING BED AVAILABILITY. An admissions scheduling program. R. G. Dunn and J. T. Howell **319**

PREGNANCY. Interactions of pregnancy and diabetes. F. W. Whitehouse **15**

PROLONGED RUPTURE OF MEMBRANES. Infection in the newborn and its association with prolonged rupture of the amniotic membranes. P. J. Howard and A. R. Bauer **161**

PSYCHIATRIC EMERGENCIES. Psychiatric emergencies. W. J. Cassidy **119**

PSYCHOSEXUALITY. Endocrinological psychiatry and psychology. M. Bleuler **309**

PSYCHOTHERAPY. Art in psychotherapy. R. R. Schopbach **229**

Subject Index

PUBLICATIONS. Titles and selected abstracts of publications by the staff of the Henry Ford Hospital and the Edsel B. Ford Institute for Medical Research **75, 181, 265, 367**

RADIOLOGIC QUIZ. A radiologic quiz. W. R. Eyler **262**

A radiologic quiz. A. Poznanski **360**

RELAXATION OSCILLATOR. Pulse and impulse in the sinus node. T. N. James **273**

RESORPTION SPACES. Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs. F. Santoro and H. M. Frost **241**

RESOURCE UTILIZATION. An admissions scheduling program. R. G. Dunn and J. T. Howell **319**

SALIVARY GLAND TUMORS. Clinical and histopathological aspects of the salivary gland tumors. B. N. Epker **345**

SERUM PROTEINS, HAMSTER. Normal serum protein levels in Syrian (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and SV 40 immune hamsters. H. Hayashi et al **149**

SEXUAL MATURATION. Endocrinological psychiatry and psychology. M. Bleuler **309**

SINUS NODE AS SERVOMECHANISM. Pulse and impulse in the sinus node. T. N. James **273**

SINUS NODE FEEDBACK. Pulse and impulse in the sinus node. T. N. James **273**

STAINING OF RESIN EMEDNIENTS. A comparison of light microscopy staining methods applied to a polyester and three epoxy resins. V. Bryant and J. H. L. Watson **65**

STAFF. Recent appointments are listed **175**

STEROIDS. X-ray diffraction powder data for steroids: Supplement VIII. J. Parsons et al **133**

STEROL. Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover. W. T. Beher et al **107**

SURVEILLANCE. A method of hospital infection surveillance incorporating the use of a computer. B. W. Steinhauer et al **139**

TETANUS. Tetanus: current concepts and review of 18 cases. J. P. Johnston **199**

TETRACYCLINE. Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib. S. Jett et al **325**

Tetracycline-based measurement of bone dynamics in rib of girl dying of Gaucher's disease. J. E. Pasko and H. M. Frost **3**

TITLES. Titles and selected abstracts of publications by the staff of the Henry Ford Hospital and the Edsel B. Ford Institute for Medical Research **75, 181, 265, 367**

VERTEBRAL SIZE AND FRACTURE. Relationship of vertebral size to fracture in osteoporotic spines. R. W. Smith and P. M. Taft **101**

VIRUS HEPATITIS. Immunoglobulins and interferon responses in infectious and transfusion associated hepatitis. G. A. LoGrippo et al **57**

VIRUS INDUCED MALIGNANCY. Normal serum protein levels in Syrian (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and SV-40 immune hamsters. H. Hayashi et al **149**

X-RAY DIFFRACTION. X-ray diffraction powder data for steroids: Supplement VIII. J. Parsons et al **133**

Author Index

ALEXANDER, E. J.
Lysergic acid diethylamide - LSD - an outsider's viewpoint **23**

ARCINIEGAS, E.
Spontaneous rupture of the esophagus **191**

BAUER, A. R.
Infection in the newborn infant and its association with prolonged rupture of the amniotic membranes **161**

BEHER, M. E.
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover **107**

BEHER, W. T.
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover **107**

X-ray diffraction powder data for steroids: Supplement VIII **133**

BERTASIUS, J.
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover **107**

BLEULER, M.
Endocrinological psychiatry and psychology **309**

BLOCK, M. A.
Treatment of hyperthyroidism from the autonomous multinodular goiter **85**

BRYANT, V.
A comparison of light microscopy staining methods applied to a polyester and three epoxy resins **65**

CASSIDY, W. J.
Psychiatric emergencies **119**

COX, F.
A method of hospital infection surveillance incorporating the use of the computer **139**

DUNN, R. G.
An admissions scheduling program **319**

EPKER, B. N.
Clinical and histopathological aspects of salivary gland tumors **345**

EYLER, W. R.
A radiologic quiz **262**

FROST, H. M.
Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs **241**

Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib **325**

Tetracycline-based measurement of bone dynamics in rib of a girl dying of Gaucher's disease **3**

GREIDANUS, T. H.
Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis **93**

HARPER, H. E.
Changing times for professional nurses. **215**

HAYASHI, H.
Immunoglobulins and interferon responses in infectious and transfusion associated hepatitis **57**

Normal serum protein levels in Syrian (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and SV 40 immune hamsters **149**

HOLCOMB, J. B.
X-ray diffraction powder data for steroids: Supplement VIII **133**

HOWARD, P. J.
Infection in the newborn infant and its association with prolonged rupture of the amniotic membranes **161**

HOWELL, J. T.
An admissions scheduling program **319**

JASTAK, R.
An unusual case of parotid enlargement **259**

JAMES, T. N.
Pulse and impulse in the sinus node **273**

JETT, S.
Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib **325**

JOHNSTON, J. P.
Tetanus: Current concepts and review of 18 cases **199**

LEE, R. M.
A wave pattern analysis of EEG signal based upon a successive digital smoothing process **33**

LoGRIPPO, G. A.
Immunoglobulins and interferon responses in infectious and transfusion associated hepatitis **57**

Immunoglobulin levels in serum of normal infants and pre-school children as determined by immunochemical analysis **247**

Author Index

Normal serum protein levels in Syrian (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and SV 40 immune hamsters **149**

MILLER, J. M.
Treatment of hyperthyroidism from the autonomous multinodular goiter **85**

MONTO, R. W.
Accidental ingestion of anticoagulent resulting in a severe hemorrhagic diathesis **93**

PARSONS, J.
X-ray diffraction powder data for steroids: Supplement VIII **133**

PASKO, J. E.
Tetracycline-based measurement of bone dynamics in rib of a girl dying of Gaucher's disease **3**

PONKA, J. L.
Carcinoma of the right colon **49**

Incarcerated femoral hernia **203**

POZNANSKI, A. K.
A radiologic quiz **360**

QUINN, E. L.
A method of hospital infection surveillance incorporating the use of the computer **139**

Current problems in meningococcal diseases **179**

RAO, B.
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover **107**

SANTORO, F.
Osteoid seams and resorption spaces in standard samples of human 6th and 11th ribs **241**

SCHOPBACH, R. R.
Art in psychotherapy **229**

SCHUSTER, J.
Ataxia telangiectasia: case reports and attempt at treatment **27**

SEMENUK, G.
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover **107**

SHARPLESS, N.
Immunoglobulins and interferon responses in infectious and transfusion associated hepatitis **57**

Immunoglobulin levels in serum of normal infants and pre-school children as determined by immunochemical analysis **247**

Normal serum protein levels in Syrian (golden) hamsters as compared with the protein levels in SV 40 tumor bearing and SV 40 immune hamsters **149**

SHETISKY, G. M.
Ataxia telangiectasia: case reports and attempt at treatment **27**

SHORE, J. D.
Kinetic regulation of enzymes **219**

SMITH, R. W.
Relationship of vertebral size to fracture in osteoporotic spines **101**

STEINHAUER, B. W.
A method of hospital infection surveillance incorporating the use of the computer **139**

STOBIE, G. H. C.
A method of hospital infection surveillance incorporating the use of the computer **139**

TAFT, P. M.
Relationship of vertebral size to fracture in osteoporotic spines **101**

TALLEY, R. W.
Intrathecal cytosine arabinoside in Hodgkin's disease with central nervous system manifestations. A preliminary report **301**

VAN SLYCK, E. J.
Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis **93**

Intrathecal cytosine arabinoside in Hodgkin's disease with central nervous system manifestations. A preliminary report **301**

VULPETTI, N.
Accumulation of tissue cholesterol and its relationship to bile acid and sterol turnover **107**

WATSON, J. H. L.
A comparison of light microscopy staining methods applied to a polyester and three epoxy resins **65**

WEBER, R. E.
Treatment of hyperthyroidism from the autonomous multinodular goiter **85**

WELBORN, K.
Carcinoma of the right colon **49**

WHITEHOUSE, F. W.
Interactions of pregnancy and diabetes **15**

WILLIAMS, E. R.
Accidental ingestion of anticoagulant resulting in a severe hemorrhagic diathesis **93**

WU, K.
Tetracycline-based histological measurement of cortical-endosteal bone formation in normal and osteoporotic rib **325**
